

RPT COMPLIANCE BY SUBSIDIARIES OF LISTED ENTITIES

Why this Workshop?

It has been over six months since the revised RPT framework became effective. The onus of compliance, under the new regime, is not only on the listed entity but also on the subsidiaries equally. As the listed entities gear up to submit the half yearly disclosures for RPTs, it will require obtaining details of transactions from the subsidiaries too.

How should the subsidiaries be sensitized and aligned with the revised framework? Which RPTs are required to be reported by the subsidiaries? Will it apply to overseas subsidiaries? How will the ambit of related parties be defined? What will be approval hierarchy for such RPTs?

Several practical questions may be nagging at this stage. We intend to discuss the same threadbare.
