#### Why this workshop?

SEBI has notified various amendments to the Listing Regulations on 14th June, 2023, in line with the consultation papers released.

With the amendment in Regulation 30, emphasis is provided on the importance of the transparency and dissemination of material information, thereby quantifying the meaning of the term "material" and further broadening the scope of events under the Schedule III.

Regulation 37A has been inserted with stricter framework for disposal of undertakings. Will the same extend the ambit of section 180(1)(c) of Companies Act? How will the dual criteria of voting be met? Can related parties vote?

The workshop will discuss relevant approaches, throw questions and try developing answers.
